And, we encourage you to reach out to the camp director or program director regarding your child's camp experience. Information communicated from you &/or your child is the most helpful to us if it is shared in a timely manner. We welcome suggestions and feedback regarding our camp program, facilities or staff.

In the event that we are unable to speak with you immediately, because we are busy with camp activities between 8:30 AM and 4:20 PM, please leave a message and your call will be returned as promptly as possible. Unless it is an emergency, we are unable to call staff away from the supervision of children.

Prior to the start of the camp season, direct questions to camp director, Vince Kalinoski the JCC at 570-346-6595, ext. 115. Contact the camp director at 570-842-8594 if you would like to discuss your child's progress during the camp season.

15. VISITATION:

Although we discourage visitors at camp, as it may cause disruptions to the flow and group dynamics, if you would like to visit your campers during the camp session, it is our policy that you contact the camp office to make arrangements in advance of your arrival. All visitors are required to check in at the camp office upon entering camp.

Security & Safety Measures at Camp:

16. To ensure the safety of our campers, all visitors are required to report to the camp office to sign in/out upon their arrival and departure at camp. If campers will be transported to and from camp by a parent or guardian, written instruction must be provided and the camper must be signed in and out daily.

17. BRINGING ITEMS TO CAMP:

Campers may bring personal sports equipment to camp with prior approval from the camp director. Campers may **not** bring cell phones, or other electronic devices to camp. Animals are prohibited from camp.

18. DISCIPLINE:

Our expectation is that every camper acts in a manner that ensures the safety, respect and well being of the Camp Daleville community. Any and all inappropriate behavior will immediately be brought to the camp director's attention so that he can access and deal with the situation. The use of drugs and/or alcohol or possession of a weapon at camp is grounds for immediate expulsion.

19 EMERGENCY PROCEDURES:

Camp staff participates in a three-day orientation and training prior to the start of camp. In addition to being trained in first aid and CPR by the American Red Cross, the staff is taught procedures in the event of a fire, an intruder and weather-related incidents.

In the event of an emergency at camp or off camp property our staff follows procedures to ensure the safety of your child. The camp director is immediately notified and will assess the situation to determine the necessary steps and decide on further actions. Do not hesitate to contact the camp director if you have questions, concerns or are seeking further details.

20. CAMP HEALTH & SAFETY:

There is a registered nurse on staff at Camp Daleville who is responsible for distribution of medication and oversees general health and wellness. Camp is equipped with standard first aid equipment, including a backboard, neck brace, and AED for emergencies. If the nurse determines that a health-related situation is serious or beyond the scope of being treated at camp, s/he will arrange transportation to the hospital &/or contact 911. Camp Daleville unit heads are trained in Red Cross first aid and AED. Their role does not supersede the nurse's, however, in an emergency situation, unit heads are prepared to assist.

If a camper shows signs or symptoms of ill health while at camp, s/he will be isolated and the parent/guardian will be notified. In the event that your camper receives any medical attention during the camp day, you will be notified (for example, received ice, a band aid or a bee sting). In an emergency situation, the parent/guardian will be immediately notified. If the parent/guardian cannot be reached, the emergency contact listed in the camp brochure application will be contacted. Should your child show signs of illness, we ask that you do not send them to camp and contact the camp office at 570-842-8594 (prior to 9:15 AM).

The medical page of the camp application must be completed and returned to the JCC office **before camp begins**. Your child will not be allowed in camp unless we have the completed camp application including the medical page. A TSS must accompany any child with special needs.

21. MEDICATIONS:

If your child needs to take any prescribed medication at camp, a consent note must be sent giving us permission to administer and the medication must be in its original pharmacy container. No medication will be administered, including aspirin or other over-the-counter medication without a written consent note. Please include the child's name, name of medication, time medication should be given and dosage as well as a parent's signature in the consent note. We would prefer that you hand deliver the consent note and medication.

23. LUNCH:

All campers should bring their bag lunch daily unless they will be purchasing lunch from camp. Bag lunches will be refrigerated or kept in coolers. Camp provides all beverages and a daily kosher snack. **Please label your child's lunch container/box/bag** with your child's name and group.

Camp Daleville adheres to the Kashruth Policy of the JCC of Scranton. All food provided by the camp will be strictly kosher. Lunch is available for purchase Monday through Friday weekly. Menu and prices will be distributed in advance. If your child brings lunch from home, we kindly request kosher-style lunches. Please do not mix milk products and meat and do not prepare pork or shellfish products.

If your camper has an overnight or late night, the camp will provide meals (dinner, breakfast and lunch the next day). Often the camper will be asked to bring a bagged lunch for a field trip. You will receive information prior to the trips/overnights with specifics.

24. BIRTHDAYS:

A child's birthday is a special day. We request that you do not send treats or snacks with your child, rather you bring the treats to camp. Please contact the camp director to make arrangements.

When sending snacks for any celebrations please be mindful of the "OU" kosher symbol on packaging and inquire at the bakery to ensure that any baked goods are kosher. If you are not sure of a product's acceptability, please call the camp for verification. We appreciate your understanding.

TRANSPORTATION:

25. Camp Daleville provides transportation to and from camp from several convenient locations. Riding the bus is an extension of camp and we are serious about following bus safety rules and expect our campers to as well. On the first day of camp, campers will be informed of the bus safety rules and proper bus behavior. All campers must be seated and remain seated in order for the bus to continue its progression. Our younger campers (Starlight and Pioneer) will ride toward the front of the bus. We appreciate your patience should any delays occur in the first few days, as everyone is getting used to new schedules.

One counselor per bus is assigned as “bus captain” serves as the key point of communications and is responsible for attendance, enforcing bus safety rules, ensuring the appropriate number of children per seat, complying with bus capacity limits. We request that all of our camp counselors ride the bus(es), if possible, providing additional supervision.

In the event of an accident, the bus captain is to first keep calm and help evacuate, maintain safety, call 911 &/or follow the bus companies protocol of safety. Once safety is reached the camp director or program director will be immediately contacted and parents will be kept informed.

Programming:

28. SWIMMING INFORMATION:

The camp swimming program is designed to compliment our excellent year round aquatics program offered at the JCC of Scranton. Our goal is to get campers comfortable and confident in the water. Campers are all tested during the first days of camp and placed in appropriate ability groups and taught water safety, aquatic independence and stroke development. Individual attention is given to each camper and counselors assist the certified water safety instructors. There are instructional sessions as well as general swim time. As children grow and develop their skills in swimming, recognition is given for their ability by our camp staff through Red Cross certification badges.

NOTE: If your camper cannot swim on a given day, s/he is required to bring a note from a parent/guardian or physician. We ask for your support with the following:

- Do encourage your child to swim every day.
- Do follow your child's progress.
- Please discourage your child from staying out of the water whenever s/he wishes.
- Please do not emphasize water-related accidents.

29. CAMP PROGRAMS & ACTIVITIES:

All activities are age and ability appropriate at camp. If a camper does not wish to participate in an activity, they are not required to do so. The camper does, however, need to remain with the group and act appropriately as not to disrupt the group activity. For all activities if the camper's behavior is not acceptable, the camp reserves the right to have the camper not participate. If the parent has a concern they are to contact the camp director prior to camp starting or within a week after the activity occurred to remedy the situation. **By signing the camper application parent/guardian (s) grant permission for camper to participate in camp activities.**

A sample of activities (subject to change) offered are: sports, swimming, arts & crafts, drama, music, Jewish culture, boating, cooking, science, nature, cheerleading, dance, archery, mini golf, free time on the play ground. The following activities have eligibility requirements: swimming, boating, archery, rocketry and horseback riding. The age requirement for archery and rocketry is 5th grade and older. Campers interested in horseback riding must be 1st grade or older and in physical condition to participate. The camper must pass the initial evaluation to participate in swimming and boating.

A Judaic atmosphere is achieved with programming, from celebrating traditional Oneg Shabbat on Fridays to welcoming the Sabbath, to special celebrations and events of Jewish, historical significance.
