HEALTH & SAFETY PLAN

TRANSPORTATION
In the best interest of the health and safety of our camp community, bus transportation to/from camp is not available this summer. Parents/guardians are required to transport their campers to/from the JCC Camp Daleville campus. Designated drop off locations on the campus will be clearly communicated prior to July 6.

SCREENING
Daily temperature checks are required for all campers and staff. Once you arrive with your child(ren) to the designated drop-off location, your child is to remain in the vehicle until staff, using a contactless infrared thermometer, take their temperature via the window of the vehicle. Parents must remain in their vehicle at all times when on the campgrounds. Any camper or staff member that registers a temperature of 100.4º or higher cannot stay at camp and will not be permitted to return until a doctor’s note is received indicating that it is safe to participate in camp activities again.

ACKNOWLEDGMENT OF RISK
A signed “Acknowledgment of Risk” form related to COVID-19 is required for every camper. We plan on following all PA Department of Health and CDC guidelines on operating our camp this summer to do our best to prevent transmission of COVID-19. This is an unprecedented time, and families should recognize and be aware of the risks involved. The signed form serves as an acknowledgment.

GROUP SIZES
Each camp group (Starlight, Pioneer, Trailblazer, Venture, Voyager, CITs) are structured with a maximum of 15 campers and 2 counselors (one male/one female) along with 1 unit head per week. CITs are assigned to assist with camp groups for part of the day. They are with the same group for the entire week.

PPE (MASKS & GLOVES)
Camp staff are required to wear masks while on the campgrounds. Gloves may also be worn during certain activities. Although campers are encouraged to wear masks, they are not required to do so. Older campers may be required to wear masks for certain activities, and CITs will be required to wear masks when they are with groups other than their own.

CAMP GATHERINGS
In accordance with CDC guidelines we are not permitting camp groups to intermingle. Campers remain within their own groups daily. As a result, there are no large camp gatherings this summer (e.g. flagpole).
SOCIAL DISTANCING
While social distancing is difficult to fully control among children, the camp staff will be working hard to enforce it throughout the day. The camp director will remind and train each with regards to social distancing daily. Counselors and staff will be required to follow our social distancing protocols at every activity as well as when moving from one area of the campus to another.

HAND WASHING & SANITIZING
We have installed many additional hand sanitizing stations around the campus. Hand washing will be integrated into the campers' schedule throughout the day to ensure proper hygiene.

CLEANING & DISINFECTING
Additional camp maintenance staff will be hired to continuously disinfect every area of camp multiples times daily. Special attention will be given to shared surface areas as well as the restrooms. And, a professional cleaning company will sanitize the entire campus at least twice a week.

SPORTS
In order to adhere to CDC guidelines, traditional group sports will not be part of the schedule. However, we intend to keep the campers active by implementing individual sports and games, such as archery, mini-golf, and other activities that allow for appropriate social distancing.

LOCATION OF ACTIVITIES
According to CDC guidelines, fresh air and outdoor activity is highly preferred during this time. All activities will be held outdoors unless there is rain or severe weather. We do not plan to use any of the indoor rooms for activities unless there is rain or severe weather. If indoor venues are required to be used, each camp group will be in separate areas so social distancing measures can more easily be adhered.

SWIMMING
Swimming will be part of the activity schedule, however, may not be every day. A maximum of 20 children will be permitted in the pool at one time. Social distancing measures will be enforced by the lifeguards. Lifeguards will require floatation devices for those children they deem necessary. Parents must supply their own. Campers should wear their bathing suits under their clothes on the days swimming is scheduled. It is recognized that some of the youngest campers may need assistance with changing, counselors will wear masks and gloves when assistance is needed, and parents must acknowledge permission for counselors to assist via the camp enrollment process. Change rooms will be available to use before and after swim periods. There are no more than five children and two counselors permitted to use the change rooms at one time. Counselors supervising are responsible for enforcing social distancing protocols while in the change rooms.

TYPES OF ACTIVITIES
Our staff are putting together a schedule of activities that include cooking, STEM, arts and crafts, archery, nature, music, drama, boating, swimming, individual sports & games and other creative programs. The playground will not be used this summer.

Overnights
No, for health and safety reasons we will not be having group overnights this summer.

Maccabiah
The staff has developed a comprehensive program that will include a Maccabiah program. Because there will be no large camp gatherings, it will look different than in year’s past and not be run in its traditional format.
STORAGE OF BELONGINGS
Each group will have a designated area to store their belongings. It will be spaced out in order to ensure one camper’s belongings are not touching others and in keeping with social distancing measures.

LUNCH
This summer for health and safety reasons, we are not offering lunch for purchase. We apologize for the inconvenience. However, a snack is provided each day. Campers must bring their own lunch in disposable bags, and must bring their own water bottles. The camp will refrigerate your child’s lunch if needed. Refill opportunities are provided, but children are not permitted to do it themselves. A designated staff person will refill their bottles.

FIELD TRIPS & SPECIALTY CAMPS
Due to health and safety reasons, there will be no field trips or off site specialty camps such as horseback riding or tennis this summer.

EARLY DROP OFF/LATE PICK UP
For an additional charge parents may arrange to have their child dropped off early (no earlier than 8:30am) or picked up later (no later than 5:30pm) to accommodate your work schedule. Social distancing measures will be enforced, and individual art activities may be provided until camp starts or until the child is picked up.

LAST DAY OF CAMP
Camp will conclude on Friday August 14th with a traditional late stay program until 7:00pm. Further details will be provided about the schedule.

DISCIPLINARY PROTOCOL
Should a camper require down time, there will be a supervised, isolated area for this until such time the camper is ready to return to the group.

MAIN OFFICE ENTRY
Parents, counselors and staff are not permitted in the main office without prior approval from the office manager or camp director. If permission is granted, social distancing must be maintained.

EARLY PICK UP/LATE DROP OFF PROTOCOL
All parents picking up their child(ren) early or dropping them off late should notify the camp in advance by phone or email. Camp phone number is 570-842-8594 and email is campdaleville@scrantonjcc.org. When you arrive on campus proceed to the main office (white house), and approach the side window for assistance.

All parents dropping off their child(ren) late should notify the camp in advance by phone or email. When you arrive on campus remain in your vehicle, and call 570-842-8594 and a staff person will approach your vehicle for temperature screening.

SUNSCREEN
In addition to campers bringing their own sunscreen, we strongly encourage parents apply it to their child(ren) before arriving at camp. We recognize that younger campers may need assistance in applying sunscreen. Please provide a spray bottle for the body, and a squeeze bottle or stick for the face. Counselors will wear masks and gloves when providing assistance. Parents must acknowledge permission for counselors to assist via the camp enrollment process.
MEDICAL STAFF
A nurse will be on the campus Mondays, Wednesdays & Fridays. An additional nurse will be on call on Tuesday and Thursdays. An EMT (Emergency Medical Technician) trained lifeguard will be on campus every day as well as several first aid/CPR certified staff. The medical station will be located in an isolated room at camp.

SUSPECTED COVID-19 CASE - PROTOCOL
The camp has a response plan should there be a suspected case identified at camp. Our plan is to isolate, communicate, report and cancel. The suspected camper or staff member will be isolated, the Department of Health (DOH) will be notified, and parents will be notified with as much detail as allowed by law. Camp will be either suspended or cancelled according to the guidance from the DOH.

REQUIREMENTS FOR OUT OF STATE CAMPERS
Yes, campers who are coming from out of state should self-quarantine two weeks prior to the start of camp.

REGISTRATION – CONTACTLESS
Registration is on a first come, first serve basis, and will open by June 12th. All registration is online, and full payment is required to reserve your spot for each week. Link to registration can be found at campdaleville.org or scrantonjcc.org. Reservations are not final unless all forms and payments are completed. If you have already registered and paid in full for camp or paid a deposit, your spot is being held and you will have right of first refusal. However, you will need to re-register via our online system once we provide the link.

Camp tuition is $275 per week and the discounted JCC family member price is $250 per week. Additional online transaction fees will apply. If you are interested in securing a family membership to save on tuition please contact Tara Loughney, JCC Membership Coordinator at tara@scrantonjcc.org. Payment due in full upon registration. To help us plan, please register by June 25th. Registrations past June 25th will be considered based on availability. Everyone who registers will receive a camp t-shirt.

If the local health situation changes, and a decision is made to cancel our camp program before July 6th, credits for summer 2021 and refunds will be offered. Should we be required to cancel camp during the six week sessions, families will only be refunded for the unused portion of full weeks only. Partial refunds for mid-week cancellations will not be possible, but we will offer a credit for future camp programs.
